

ZOOM WEBINAR #5

Screening Outreach: Alberta Screening and Prevention (ASaP) Maneuvers

WEDNESDAY, JAN. 15, 2025 | 12:00-12:45 PM

Join us for the fifth webinar in our series, focusing on Screening Outreach within the Proactive Care Coordination Assistant (PCCA) program. This session will cover the essential steps for reaching out to patients who are due for diabetes, lipids, colorectal cancer, mammography, and pap screening.

Presented by an Improvement Facilitator and a PCCA, the webinar will focus on:

1. The Alberta Screening and Prevention (ASaP) maneuvers
2. Identifying patients due for screening in the EMR
3. Utilizing Netcare and converging external results
4. Incorporating MDT support
5. Outreach process overview

"My patient told me how grateful she was that our PCCA contacted her... She was found to have an early breast cancer which was asymptomatic and she ended up getting treatment... Because the cancer was found early, she likely avoided more advanced cancer, more surgery, and chemotherapy. The end result is that she felt the call saved her life." - Dr. Freda Lo
